EXECUTIVE DEPARTMENT,  
LINCOLN, May 27, 1873.

*Hon. Henry A. Koenig, Treasurer:*

DEAR SIR: By the act "To provide for the care of the Capitol Building and the State property," approved February 15, 1869, it is made the duty of the Governor to insure the public buildings and other property belonging to the state liable to destruction by fire; under the second section of the act, it is made the duty of the auditor to draw his warrant upon the treasurer for the amounts of

premiums that shall, from time to time, become due. The legislature, at its last session, failed to make the necessary appropriation. The premiums upon insurance now expiring and required to be reissued amounts to \$1,293 00. The auditor is unable to draw warrants for these premiums, by reason of the failure of the legislature to make the necessary appropriation, and I request that you will advance from the Sinking Fund the necessary amount to pay premiums upon insurance to be renewed until the matter can be submitted to the legislature at its next session, and the proper appropriation made to meet the expenditure. The amounts required are as follows:

As I have referred quite frequently in this report to act of February 27, 1873, I have thought best to copy said act, which reads as follows:

*Be it enacted by the Legislature of the State of Nebraska:*

SECTION 1. That for the purpose of rendering relief to the General Treasury, the state treasurer is hereby authorized and required, immediately upon the passage of this act, to sell all the United

States bonds now belonging to the permanent school fund, at the highest market price for cash, the proceeds of such sale shall be, by said treasurer placed to the credit of the General Fund.

SEC. 2. The amount of money now on hand, known as the "five per cent." fund, and now held as part of the permanent school fund, shall also be by said treasurer transferred to the General Fund.

SEC. 3. Immediately upon the sale of the United States bonds, as provided in the first section of this act, the amount of the proceeds thereof, shall be reported to the auditor, and thereupon the state shall issue a certificate of indebtedness, signed by the auditor, for the total amount of said proceeds, and the amount transferred to the general fund, as prescribed in section two of this act. Such certificate shall be made payable to the permanent school fund on demand, at the option of the legislature at any time after five years, with interest payable semi-annually, at the rate of ten per cent. per annum. Such certificate shall be deposited with the state treasurer, and the interest, when due, shall be paid by warrant of the auditor drawn upon the Sinking Fund.

SEC. 4. The money so transferred to the General Fund shall be used for payment of appropriations made at the present session of the legislature only.

SEC. 5. This act shall take effect and be in force from and after its passage.

Approved February 27, 1873.

### CERTIFICATE OF INDEBTEDNESS.

Pursuant to the provisions of an act for the relief of the state treasury, approved February 27, 1873, I, J. B. Weston, auditor of the State of Nebraska, do hereby certify that the State of Nebraska is indebted to the permanent school fund of said state in the sum of one hundred and fifty-eight thousand eight hundred and thirty-seven dollars and sixty-seven cents, and that said indebtedness has accrued upon account of the following sums of money transferred

by the state treasurer under the provisions of said act from the permanent school fund to the general fund of said state.

|                                                        |             |              |

|                                                        |             | \$158,837 67 |

which total sum of one hundred and fifty-eight thousand eight hundred and thirty-seven dollars and sixty-seven cents is payable to the said permanent school fund on demand, at the option of the legislature of the State of Nebraska after five years from date hereof, together with ten per cent. interest thereon: *Provided*, Said interest to be payable semi-annually by warrant of state auditor drawn upon the sinking fund of said State of Nebraska.

In witness whereof, I have hereunto set my hand and affixed my official seal this 10th day of March, 1873.

(Signed),

J. B. WESTON,  
*Auditor of State.*

At a meeting held by the Commissioners of School Fund, January 22d, 1874, after making a careful estimate of outstanding indebtedness and for current expenses of the state for the ensuing year, and upon mature consideration, it appearing that by investing the permanent school fund in state general fund warrants, the credit of the state could be appreciated, it was *Resolved*, That the state treasurer be hereby authorized to invest said fund in state general fund warrants at par, drawn after January 1st, 1874, provided said warrants are in first hands and unregistered, but not otherwise, and that such investment commence upon the first day of February, 1874, and no interest to be computed or allowed; *and it is further Resolved*, That this board meet monthly, upon the first Tuesday of each month respectively, and examine the warrants so taken in the school fund by state treasurer.

In accordance with the above resolution, I, upon the first day of February, commenced payment of general fund warrants from permanent school fund, and at the same time, applying the general fund together, with the amount transferred from sinking fund, in payment of general fund warrants. The result of this has been, that the school fund has been invested in our own securities, drawing ten per cent. interest, the money thereby kept in our own state, our warrants have been kept from going begging on the market, and all of the old registered warrants have been paid. The interest upon these warrants, so invested, should be paid semi-annually to the temporary school fund. This can be paid from sinking fund, which will be sufficient to meet the demand, and I would respectfully ask that you give this your attention. The commissioners have met, as provided in the foregoing resolution, monthly, and have examined all warrants so taken, and have certified the several amounts so taken monthly, in a record book, kept in this office for that purpose, all warrants being endorsed by the land commission in red ink, as provided by law, "Investment in Permanent School Fund."

The amounts so certified are, to wit:

The payment of the above named Building Fund warrants is conditioned upon the sale of lots and land belonging to the state as per section 2 of an act approved February 15th, 1869. To this matter your especial attention is called. (See page 253, Laws 1869.)

### CONCLUSION.

I regret exceedingly to be obliged to again direct the attention of your honorable body to the condition of the state general fund. The balance now on hand will, doubtless, be expended in payment of current expenses, and in redeeming warrants now in circulation within the next thirty days. This will leave the treasury in no condition to meet the expenses of the legislature, and other expenses that will need to be provided for, as quite a large amount of miscellaneous claims will be presented for your approval. Nothing need be expected from delinquent taxes, (unless the Union Pacific and B. and M. Railroad Companies should decide to pay the tax upon their lands). The balance now on hand in sinking fund will be needed to meet the interest on certificate of indebtedness and general fund warrants, held by school fund, falling due March and May, 1875. That some provisions must be made to meet this expense is apparent. By the provisions of the constitution of the state, bonds can be issued to the amount of \$50,000, as there is no bonded indebtedness, this is the only source that seems to suggest itself as being available for immediate relief.

That under our present system of assessments, and the limit by law of levy for general fund tax, it must be apparent to all, that a change in this mode of procedure is greatly needed, as our receipts

fall far short of meeting the demands. The auditing of a claim in the office of the state auditor and the issuance of a warrant therefor should antedate its payment only so long as to enable the holder to present it for payment to the proper department. It is due to the officials of the state of every kind, to the county officers who are the collectors of the state tax, and to creditors of our state at home and abroad, that their payments should be assured at all times.

In this connection, I would suggest the propriety of requiring the assessors to return the assessments of all taxable property at nearer its full value in money, the result would certainly be beneficial to the state tax. It is an acknowledged fact, that no property is rated at more than one-half its real value, and in many cases even far below that; with these low assessments and the maximum rate for levy on general fund at two and one-half mills, the receipts are inadequate to meet appropriations. By a comparison of the receipts on general fund from its own resources, with those of the temporary school fund, for the last ~~ten~~<sup>two</sup> years, as shown in this report, it will be seen that those of the temporary school fund are \$467,008 38, whilst those of the general fund are only \$288,295 93. By this it will be seen that the receipts for the temporary school fund are greatly in excess of those for entire expenses of state government in view of the above showing, and also in consideration of our greatly overdrawn general fund account, I would suggest to your honorable body, that the rate for levy on general fund tax be increased from two and one-half mills to three and one-half, and that the rate on levy for state school tax be decreased from two mills to one mill. The constitution of the state provides under section 3, Finance: "That the legislature shall provide for an annual tax sufficient to defray the estimated expenses of the state for each year, and whenever the expenses of any year shall exceed the income, the legislature shall provide for levying a tax for the ensuing year, sufficient, with other sources of income, to pay the deficiency as well as the estimated expenses of such ensuing year," all of which, with the tables hereto annexed, I respectfully submit for your consideration.

HENRY A. KOENIG,  
*State Treasurer.*
